**E-content type:** Timeline

### What does this explain?

The given e-content explains about the instrument theodolite that it is a surveying instrument which is based on the principles of trigonometry and is used for measuring angles with a rotating telescope. It also explains when the instrument was invented and by whom together with a brief explanation of how theodolite developed with the development in the technology.

### How to use the e-content?

Teacher can use the timeline to explain about the instrument 'Theodolite'. **One is supposed to copy the 'Link1' and open it through any browser.**

One can also open the link ( <https://timeline.knightlab.com/> ) on any browser, then click on 'Make a timeline'. After that, go on directly to step 3.

The screenshot shows a web browser window with the URL <https://timeline.knightlab.com>. The page content is as follows:

**3** Copy/paste spreadsheet URL into the box below to generate your timeline. (Make sure you've published the spreadsheet.)

Generate your timeline

Google Spreadsheet URL:  Width:  Height:

**Optional settings (show)**

*Set language, fonts, starting slide and more.*

**4** Grab the embed code and paste it on your site where you want your timeline to appear (just like a YouTube video).

Embed your Timeline

```
<iframe src='https://cdn.knightlab.com/libs/timeline3/latest/embed/index.html?source=1eMmnWN3sUGP4sp6yY_A0CBue5yUnDFhBjwUJ7i3mjMsfont=Default&lang=en&initial_zoom=2&height=650' width='100%' height='650' frameborder='0'></iframe>
```

To share your timeline in a [Medium.com](#) post, copy the link below and paste it on a line by itself where

Copy the main link given above and paste it in the column 'Google Spreadsheet URL' and then click the blue button 'Preview' and your timeline will be previewed. Teacher can even adjust the height of the timeline given in step 3 and font, language, etc. from step 3 only.
