S. N.	AREA OF META DATA	TO BE FILLED BY CONTENT GENERATOR(S)
1	Topic	Research Station in Antarctica - Bharati
2	Subject	Geography
3	Topic connected which area of subject?	Antarctica
4	Class/ Level	VI
5	Objectives	To inform about the Indian research station 'Bharati' at Antarctica
6	Summary	About 3000 km east of 'Maitri' another research station named 'Bharati' was made in 2012. It was set up to facilitate year-round scientific research activity by the Indian Arctic programme. It is located at 69°24.41' S and 76°11.72'E at 35 metres above sea level. The station consists of one main building, fuel farm, fuel station, sea water pump house, a summer camp and a number of smaller containerized modules. This station can support 45 persons in the main building with a provision to accommodate up to 72 persons. Laboratory space is in the main building. The communication is through satellite channels providing connectivity for voice, video and data for Indian mainland.
7	Key Words	Antarctica, Bharati, Indian research station
